

Paper Bag Horse

Make a horse project with a simple brown lunch bag.

Materials:

- Lunch Bags
- Markers
- 20mm Wiggle eyes (optional)
- Scissors
- Old newspaper
- Yarn
- Glue or staples

Directions:

1. Cut the top $\frac{3}{4}$ of the bag off making sure to not cut the bottom of the bag.
2. Before unfolding cut the ears out of the bottom portion of the bag. Should look similar to figure 1 but it is recommended to round the tips of the ears more.
3. Open bag up and stuff with old newspaper. Then glue or staple shut.
4. Now take the top of the bag and round one end or the corners off so the piece looks like a U. Glue the flaps shut. Should resemble figure 2.
5. Next take the top U piece and glue to the bottom of figure one.
6. Now have students decorate by placing eyes, drawing nostrils and facial markings. Use yarn for mane.
