

How to Kahoot!

www.GetKahoot.com

www.Kahoot.it

Teachers:

1. Create your own quiz or search the community of quizzes at GetKahoot.com
2. “Launch” quiz. Make sure the launching device can be seen by everyone. (SMARTboard, centralized iPad...)
3. Have students go to Kahoot.it from their individual (or group) devices, and enter PIN.
4. When all groups or student names appear, begin quiz. Some quizzes have timers set and move automatically.
5. At the end.. Download results as excel sheet for easy, individual assessment.

Use our quiz on GetKahoot.com; search “Dairy—Show What you Know!”

Use with our Dairy Ag Mag to meet Common Core Standards:

Students:

1. Navigate to Kahoot.it
2. Enter the PIN Number from the main display into your individual device.
3. Create a name.
4. Read the questions and answers from the main display and hit the button on your device that corresponds with the correct answer.
